SHRI S. W. DHABE (Maharashtra): Sir, I beg to move.

"That the Bill further to amend the Representation of the People Act, 1951, be taken into consideration."

The motion was adopted.

SHRI S. W. DHABE: Mr. Vice-Chairman, I have moved Bill No. 15 of 1983 to further amend the Representation of the people Act, 1951. The Bill was introduced in the background of Assam elections of 1983 when people getting a few votes were declared elected and even though they forfeited deposits, they were declared elected as MLAs in the Assam elections. The percentage of votes was very low and in some constituencies those getting just 327 votes out of 358 votes polled in a constituency having an electorate of more than 90,000 were declared elected.

Now, there is another tendency which has developed that in the public undertakings and corporation owned by the Government whether Centre or State, MPs and MLAs are made Chairmen of such corporations These corporations have a lot of financial powers. The other phenomenon which is happening in our country is, MPs and MLAs are not only intrested in getting elected as members of Municipal Corporations local bodies and zilla parishads, but they also want to contiune as members of such bodies, in spite of their election to Parliament or to the State Assemblies. I will come to this point later on. Even Now we have got a Member of Parliament from Delhi who is also a member of the Delhi Municipal Corporation and an election petition is pending against him against his continuing as corporator.

Sir, the question is whether we are really aiming at improving the quality of representative capacity of members of State Legislative Assemblies and Members of Parliament and whether they should devote more time for parliamentary work. Sir I have proposed three amendments in this Bill to this effect, I will take up the second amendment namely
